

## Mining History Excursion

### World Museum of Mining/Hell Roarin' Gulch

Situated on an actual mine yard, the museum preserves the rich historical legacy of mining and the related culture of Butte. Climb a 100-ft-high Headframe or descend 65ft into the earth on an underground mine tour.

(406) 723-7211

### Granite Mountain Mine Memorial

Dedicated to the 168 men who died in a hard rock mine disaster in 1917, this exhibit features letters from the families of the fallen miners and memorial bricks. This memorial offers you a stunning panoramic view of Butte. Open all year.

1000 George Street

(406) 723-3177 or (800) 735-6814

### Berkeley Pit

View what was once the largest truck-operated open-pit copper mine in the nation; a mile and a half across, three miles around and 1,700 feet deep. Open May through September. Admission fee is charged.

(406) 723-3177 or (800) 735-6814

### Mineral Museum

Rock hounds of all ages will marvel at the rare crystal and rock formations displayed here. This is one of the finest collections in the world, with many pieces pulled from beneath Butte itself. Open year round on the Montana Tech campus.

(406) 496-4414
